

This news article is about the games of the year in my opinion

[this goes to the second paragraph](#)

This paragraph is about a game called scarlet nexus. It is a game that you can play on playstation, xbox, and computers. It is about these people with supernatural powers and monsters called the Others. The main characters have to use their supernatural powers to save people from the Others.

[to the top](#)

This paragraph is about the game called Tales of Arise. Tales of Arise is a game that you can also play on playstation, xbox, and the computer. I haven't played the game yet myself but i would really like to it looks really fun.

this will bring you to a news article on the weather
